NEW INGENIOUS AIRLINE AND AIRPORT LOYALTY PLATFORM WILL SAVE THE TRAVEL INDUSTRY

Simplistic Program To Give Back To All Passengers While On Vacation or Business

Orlando, FL., March 24, 2020. STARQUEST, Inc., A Florida based Travel Technology Company has come up with a simple patented travel solution that will change old air travel habits and will bring back the fun in air travel for today's savvy passengers. No more stress with old travel fees. Out with the old and in with the new! STARQUEST, Inc., has been working hard for more than 5 years at retooling, working on algorithms that are developed specifically for passengers on planes and running through airports to bring a solution so simple that most travel industry executives will be saying, "Why didn't I think of that." It gives America's great airlines an unprecedented opportunity to promote their product and services for free to a whole new generation of a huge loyal customer base who are savvy Brand Influencers and who are privy with most of the social media platforms. In-turn, STARQUEST will send an army of loyal customers directly to all participating airlines ready to purchase tickets and ready to travel.

- 1) Airlines pay absolutely nothing for promoting their advertising on a spandex sleeve that is placed on the traveler's luggage. A travel Blanket is also given to the StarGuides to promote while on the plane and at the gate while waiting on their flights. This sleeve turns the luggage into an instant traveling Advertising Billboard. Being pulled along so everyone at all airports across the globe will see their brands 24 hours a day.
- 2) Airports can also participate as well as pays nothing. All airport concessionary restaurants in their food court system and their retail partners can advertise for free. STARQUEST also offers a Survey Platform that is filled out by their STARGUIDES while waiting on their flights. These Surveys cover the Airport and Concession partners.
- 3) Free Social Media Campaigns will be running live all over the world simultaneously in conjunction with STARQUESTS Travel Influencers.

Please go to the STARQUESTTRAVEL.COM to find out what happens next? Travel writers and producers will be amazed at how a simple platform can change the entire travel industry overnight.

This is a chance to see how the Travel Industry will Change almost in a blink of an eye. Where both passengers, airlines, and airports win. They will be taking care of each other like one big happy family. Your grandchildren will be talking about this event in the next 40 years.
